

Upperviller Melawati

► Project

Upperville at Taman Melawati is a sanctuary for the everyday city hustler with a love for nature. Come home to functional spaces and breathtaking natural surrounds at 126m above sea level, one of the highest points in Melawati. Upperville offers a low density community with only 221 units in a 2.75 acre piece of land. The readily available facilities offer more privacy and space to explore; you can venture outdoors on a hike, jog or simply leisurely bask in the sun, enjoying nature's wonders.
